

## CONGRESSMAN JOHN GARAMENDI VISITS AERO PRECISION, A THRIVING LIVERMORE SMALL BUSINESS

**Livermore, CA – June 1, 2010** – 10<sup>th</sup> District (CA-D) Representative John Garamendi visited Aero Precision this afternoon in an effort to learn more about the innovative spirit, commitment to quality and agile business model that has made this Livermore small business so effective and profitable despite difficult worldwide economic circumstances.

A stocking distributor, Aero Precision has been selling OEM products since 1993. *“We’re proud of our pedigree and stand firmly behind the services we provide to US military forces and international militaries around the globe. Our past successes and recent growth is a direct result of the professionalism and burning desire to satisfy our customers displayed daily by Aero Precision employees at every level of our organization,”* explains Evren Ergin, President and Founder of Aero Precision.

Congressman Garamendi was afforded a tour of Aero Precision headquarters, an opportunity to meet and converse with employees, and a presentation by the Business Development VP, Ertugrul Turhal. Topics included sales achievements, new initiatives for employees (cross training, retirement plans, health coverage) and community involvement (Aero Precision is fully engaged in Soup Kitchen volunteering, breast cancer and leukemia research fund drives, food shelter donations and local job fairs). In the last 12 months, Aero Precision has more than doubled its workforce and increased annual export revenues by 34%.

Congressman Garamendi was impressed with what he saw in the short time he witnessed the Aero Precision team in action. *“From the warehouse personnel, to the sales administrators, to the executive management, Aero Precision displays an aggressive nature and a willingness to go the extra mile to satisfy its customer base; I’m proud of what this organization continues to achieve, and I’m excited about what Aero Precision’s growth and charitable involvement means to the greater Livermore community.”*

### About Aero Precision:

Aero Precision is a leader in aerospace distribution and services and a premier worldwide stocking distributor of aircraft OEM parts. With 17 years of reliability, quality products and unparalleled customer service, Aero Precision facilitates spare part purchasing, repair coordination and aircraft maintenance program management using a unique logistic support model to source military aircraft solutions for the US Government and over 60 allied military forces. Aero Precision has sole stocking distribution agreements with Crane Aerospace, Hamilton Sundstrand, Honeywell, Textars, CEF, Curtiss-Wright and additional strategic OEM partners for various product lines.
