

AeroPrecision

C-295 SUPPORT

Located in Livermore, California, Aero Precision provides OEM component management for military aircraft operators in over 60 countries across 20+ military platforms from more than 20 OEM partners. Aero Precision provisions OEM spares, manages repairs and provides upgrade / modification solutions.

Company History

Aero Precision began as Aero Precision Industries (API), Inc., with its founder Evren Ergin in 1993 by providing customer focused solutions that supported three platforms (F-16, F-4, F-5) in a single country. In 1998, API signed as a distributor for Honeywell Aerospace, its first OEM partner. In 2001 API added Zodiac Aerospace's ESCO division to support Turkey and in 2004 added Hamilton Sundstrand for several additional countries. Soon after, the business model shifted to OEM based military aftermarket component management. During the 2000's eight new OEMs were added, strengthening API's distribution channels and adding support for F-15, F-18, T-50, C-130, CN-235, C-17, P-3, UH-60, CH-47, CH-53, AH-64, and Bell platforms. On July 15th, 2008, API formed a strategic alliance with Dermond Defense & Aerospace (DDA) and continued its expansion of services. In May of 2011, Aero Precision Industries, LLC, was awarded the Presidential "E" Award for Exports by the U.S. Department of Commerce. Greenwich AeroGroup acquired Aero Precision Industries, LLC, on Jan 1st, 2013.

In 2016 Aero Precision received the President's "E" Star Award for expanded export and manpower growth over the past 10 years. Odyssey Investment Partners acquired Aero Precision Industries, DAC International and NASAM operating under Aero Precision Holdings LP.

Company Overview

- Strategic Headquarters located in Livermore, California
- Specializes in Expanded Logistics Support programs
- Flexible, Agile, Reliable and committed to Quality
- ISO 9001:2008 & AS/EN/JISQ9120:2009REV. A Quality Certified
- Aero Precision helps military customers operate:
 - efficiently and effectively
 - with lowered operating costs
 - while maintaining quality & safety
 - utilizes the Best in Class ERP system

Export Compliance

- Management commitment to ITAR and EAR
- Corporate Export Compliance Policy in place
- Registered with AES to file our shipper's declarations in house
- Apply and manage all export licenses, warehouse, distribution and technical assistance agreements
- Restricted party screening performed in house at multiple stages of every transaction
- Registered with Department of State and Department of Commerce
- Member of four international trade compliance groups
